AUTOMATIC
OPERATION

DURABLE &
RELIABLE

LONG LASTING
PERFORMANCE

KEY FEATURES

STRONG & ROBUST

Heavy duty construction for maximum durability.

HYDRAULIC OPERATION

Smooth and powerful hydraulic system for efficient performance.

FLOOD PROTECTION

Effective barrier against water ingress and flooding.

AUTOMATIC CONTROL

Automatic opening & closing for seamless access control.

LOW MAINTENANCE

Designed for easy maintenance and long service life.

POWERFUL HYDRAULIC SYSTEM

High performance hydraulic cylinders ensure smooth and reliable operation.

SMART CONTROL PANEL

User friendly control panel with manual, auto & remote operation.

HEAVY DUTY STRUCTURE

Built with high grade steel for toughness and long lasting durability.

WIDE APPLICATION

Ideal for roads, industrial sites, commercial complexes, dams & flood control.
