

TRANSFER GATE

SMART ACCESS CONTROL SOLUTION

MAXIMUM SECURITY

Transfer Gate ensures that only one person passes at a time by preventing tailgating and unauthorized access.

SINGLE PERSON ENTRY

Ensures only one authorized person enters at a time.

TAILGATE PREVENTION

Advanced sensors prevent unauthorized or multiple entries.

STRONG & DURABLE

Made with premium quality stainless steel for long lasting performance.

LOW MAINTENANCE

Designed for reliable performance with minimum maintenance.

TRANSFER GATE

CONTROL ACCESS. ENHANCE SECURITY. MANAGE FLOW.

ACCESS CONTROL

Compatible with RFID, Biometric, Card & Token systems.

SMART SENSORS

Infrared sensors detect movement for safe and accurate operation.

HIGH THROUGHPUT

Smooth and efficient entry management for high traffic.

SAFETY & RELIABILITY

Built with safety in mind to deliver secure and reliable operation.

IDEAL FOR

Offices, Corporate Buildings, IT Parks, Banks & more.

TRANSFER GATE – ONE PERSON AT A TIME, TOTAL SECURITY ALL THE TIME
